Dear Borough Resident:

Saks Metering has been contracted by the Mayor and Council of the Borough of Freehold to conduct an area-wide **mandatory** water meter upgrade project. Saks' authorized installers will be working in the community with company uniforms, car signs, and photo identification. All installers have undergone New Jersey State background investigations.

Typically, the upgrade of your water meter should take no more than an hour to complete. In most cases, your water meter is located inside your home, basement, or crawl space. You may experience a temporary water disruption.

In the very near future, you will be notified by the installer, Saks, with instructions on how to make an appointment for the installation of your new water meter. You will receive notification via a letter, emails, and a door hangar. Please continue to check the website for updates.

If you have any questions, please call 732-462-4200.

Thank you for your cooperation in this matter.

Sincerely,

Joseph B. Bellina  
Business Administrator
